# NMUN

NMUN es una simulación internacional de foros de discusión y mesas de trabajo de la *Organización de las Naciones Unidas* (ONU) organizada por el **National Collegiate Conference Association**

Cuando nacen las Naciones Unidas en 1945, la simulación de la Liga se convierte en NMUN “National Model of United Nations”.

NMUN es el único modelo que para el debate utiliza las mismas reglas que utilizan los Embajadores en las Naciones Unidas.

El cierre de la conferencia se realiza en la sede principal de la ONU, en la Asamblea General.
